

Modular distribution board HENSEL KV PC 8104

Product code: Zab.obudowa.hensel.1x4.5

Small distribution boards for outdoor unshielded installations, such as surface-mounted modular PV 1x4.5 distribution board, model KV PC 8104, are ideal for applications requiring compact size and resistance to atmospheric conditions. This specific distribution board is characterized by the absence of PE and N terminals, which is essential for the application's specificity and installation configuration.
