Product description

SolarEdge StorEdge Mounting Handles IAC-RBAT-HANDLE-01 (set of 4 pieces) The SolarEdge StorEdge Mounting Handles IAC-RBAT-HANDLE-01 are specifically designed for use with the SolarEdge energy bank system. Their main purpose is to facilitate the handling and installation of energy bank modules while providing additional safety. The ergonomic design of the handles ensures a firm grip, minimizing the risk of modules slipping or falling during installation or handling. Each set of mounting handles for the energy bank includes 4 pieces, allowing for comprehensive installation of SolarEdge energy bank modules. They are made of high-quality and durable material that meets all requirements for photovoltaic installations.
