

Jinko Solar JKM430N-54HL4R-B 430Wp (FB)

Product code: PV.jinko.fb.ntype.430r

Manufacturer	JINKO SOLAR
Width	1134
Height	1762
Depth	30
Weight	22
Warranty	25
Power	430
Efficiency warranty	30
Country of origin	China
CN code number	85414300
Frame color	full black
Type of support	monofacial
Technologies	N-Type
Quantity per pallet	36
Quantity per container	936

The Jinko Solar JKM430N-54HL4R-B photovoltaic panel with an impressive power of 430 Wp is an advanced solution that perfectly combines innovative technologies with high efficiency. Designed for sustainable solar energy production, this monocrystalline panel offers reliability and top-level performance.

Product description

The Jinko Solar JKM430N-54HL4R-B photovoltaic panel with an impressive power of 430 Wp is an advanced solution that perfectly combines innovative technologies with high efficiency. Designed for sustainable solar energy production, this monocrystalline panel offers reliability and top-level performance.

Product Features:

The Jinko Solar JKM430N-54HL4R-B panel achieves an impressive power of 430 Wp, making it an ideal choice for those seeking efficient photovoltaic solutions.

Multi Busbar Technology (MBB): MBB technology has a more favorable impact on cells. The increased number of busbars helps avoid microcracks and aging. Importantly, the busbars in Jinko panels are round, enhancing sunlight absorption and generating more energy. The solid panel construction ensures not only resistance to weather conditions but also a long lifespan, confirming the manufacturer's trust in product durability.

Technical Data Jinko Solar JKM430N-54HL4R-B:

Power (W): 430 Wp

Color: FULL BLACK

Panel height: 30 mm

Cell type: monocrystalline

Pallet shipment [pcs./pallet]: 36 pcs./pallet

System voltage (V): 1000 V DC

Operating voltage (V): 37.20 V

Operating current (A): 11.02 A

Operating temperature: -40 ~ +85°C

Dimensions: 1762×1134×30mm

Warranty: 25 years product warranty, 30 years linear performance warranty

Application:

The Jinko Solar JKM430N-54HL4-B panel is suitable for both residential installations and larger commercial or industrial projects. Perfect for those looking for an efficient and reliable photovoltaic solution.

Price and Warranty:

Competitive pricing combined with high performance makes the Jinko Solar panel an attractive choice. The product is also covered by a satisfactory manufacturer's warranty.

The Jinko Solar JKM430N-54HL4R-B panel is not only an efficient energy solution but also an investment in the future, enabling cost reduction and environmental impact reduction. Trust a reputable manufacturer and choose a panel that meets even the most demanding expectations.
