Product description

JA Solar JAM54D40 420W (BFR) Bifacial is an advanced solar panel that utilizes bifacial technology, absorbing sunlight from both sides of the module. With a nominal power of 420W and efficiency of 21.5%, it is ideal for both ground-mounted and rooftop installations. The black frame (BFR) provides a sleek appearance, while low power degradation (1% in the first year, 0.4% annually) ensures long-term performance. The panel weighs 21.5 kg and measures 1722 x 1134 x 30 mm.
