

GoodWe GW10K-ET PLUS+ (12.5A) Hybrid Backup

Product code: F.Goodwe.3F.H.ETPLUS.wifi.00100

Manufacturer	GOODWE
Inverter type	Hybrid
Inverter phases	3
Max. AC power	10000
Max. DC power	15000
Output power	10000
Circuit breaker value	32
МРРТ	2
WIFI	Tak
Ethernet	No
Compatible energy storage	Pylontech, Goodwe, BYD
Compatible optimizers	Tigo
Warranty	5
CN code number	85044085
Quantity per pallet	6
Country of origin	China
Weight	24
Width	41
Height	52
Depth	18

Hybrid inverter GoodWe GW10K-ET PLUS+ plays a key role as the central point of a photovoltaic installation, working harmoniously with the energy storage system. Its design focuses on three main goals: maximizing output power, increasing self-consumption, and facilitating emergency power supply. Thanks to intelligent load management and a wide range of battery voltage, the entire system is extremely flexible, allowing for customization to individual needs within the household ecosystem. By combining the inverter with the GoodWe Lynx Home F energy storage system, a comprehensive and reliable solution is achieved.

Product description

Hybrid inverter GoodWe GW10K-ET PLUS+ plays a key role as the central point of a photovoltaic installation, working harmoniously with the energy storage system. Its design focuses on three main goals: maximizing output power, increasing self-consumption, and facilitating emergency power supply. Thanks to intelligent load management and a wide range of battery voltage, the entire system is extremely flexible, allowing for customization to individual needs within the household ecosystem.

By combining the inverter with the GoodWe Lynx Home F energy storage system, a comprehensive and reliable solution is achieved.

Advantages of the GoodWe GW10K-ET PLUS+ inverter:

No fans and silent operation Emergency power supply with uninterrupted switching <10ms Integration with smart home Technical data of the GoodWe GW10K-ET PLUS+ inverter: Maximum recommended DC power [W]: 10000 Maximum input current [A]: 12.5 Maximum short-circuit current [A]: 15.2 MPPT voltage range [Vdc]: 200 - 850 Starting voltage [V]: 180 Number of MPPT tracking points: 2 Series on MPPT: 1 Nominal AC power [W]: 10000 Nominal AC current [A]: 22.7 Maximum efficiency: 98.2% Maximum battery efficiency under load: 97.50% Dimensions (length x width x height) [mm]: 415 x 516 x 180 Weight [kg]: 24 Degree of protection: IP66 **Topology: Transformerless** Warranty: 5 years

The GoodWe GW10K-ET PLUS+ inverter represents a comprehensive solution for photovoltaic installations with energy storage systems, combining energy efficiency, configurational flexibility, and safe emergency power supply.
